WORK EXPERIENCE

SPED Paraprofessional

Academy District 20

10/2021 – 2/2025

- Problem solving, time management, multi-tasking.
- Team collaboration in development of lesson plans structured to meet individual student goals.
- Communication and patience with a variety of behavioral issues.

Junior Developer

Stoked Sports Mentorship and application development

8/2022 – 8/2024   /   Colorado Springs/Remote

- Collaborated with a team that built registration, login, authentication, and authorization functionality for Stoked Sports consumer app (React-Native, Entity Framework, JSX, CSS, C#, ASP.net Identity, Swagger).
- Created an ASP.net Web Api from scratch (C#, Entity Framework, LINQ, ASP.net).
- Lead developer on user feeds (React-Native, JSX, CSS, C#).
- Developed the http layer, service layer, and database layer of the application (C#, Entity Framework, Swagger, ASP.net).
- Two-factor authentication (ASP.net Web Api, C#, ASP.net Identity).
- Developed patient search functionality for employer startup project application (JavaScript, HTML, Bootstrap 5, C#, ASP.net6).

Veterinary Claims Processor

Administrative Strategies

9/2019 - 10/2021   /   Remote

- Leveraging my extensive 20-year career as a veterinary technician, I have successfully applied my education and training of animal care to assess and process insurance claims, ensuring accuracy and efficiency.
- Salesforce, Slack and Teams for communication.
